SELECTED FROM 1,400+ SUBMISSIONS ACROSS 400+ HIGH SCHOOLS

PRESENTED BY SACSN

| SACSNARTS.ORG

This exhibition brings together a curated selection of voices, each shaped by distinct environments, experiences, and perspectives.

Spanning communities across the country, these works trace emerging artists engaging with questions of identity, culture, memory, and presence—articulated through a range of visual expressions, from the highly resolved to the deliberately raw.

Rather than adhering to a singular theme, the exhibition unfolds as an ongoing conversation across place and experience.
